## Know Your Farmer

Pekarek's Produce is a family-owned and operated vegetable farm located near Dwight, NE. Ryan began farming on his family's land in 2004, where the farm is still located. Pekarek's Produce raises over 50 varieties of vegetables and fruits on approximately 12 acres. Harvest begins in early May with radishes, green onions, lettuce, and spinach. During the summer, the main crops are tomatoes, sweet corn, peas, onions, carrots, green beans, zucchini, beets, potatoes and cucumbers. By the fall, the main crops harvested are tomatoes, cantaloupes, watermelons, sweet corn, winter squash, gourds and pumpkins.

## Our Guarantee.

CSA members share in both the rewards and risks of farming. You may receive more or less of particular vegetable because of unusual weather or pest and disease outbreaks. However, we work hard to provide you with a high quality, consistent, diverse supply of vegetables throughout the season.

We are happy to announce this is the 4th year of running a CSA in Seward and the 10th year of growing produce.

## What is a CSA?

Community Supported Agriculture (CSA) is a partnership between you and your farmer. The CSA members provide a guaranteed market and the farmer provides weekly shares of fresh seasonal vegetables.

## Membership Details

**Pekarek's Produce** invites you to receive fresh, seasonal, flavorful, healthful vegetables. We select vegetable varieties for their taste, raise them under the best possible conditions, pick them at the peak of ripeness, and carefully wash and pack them for you.

**Pekarek's Produce** CSA involves you pre-paying for a *full share* (\$22.00 per week) or a *part share* (\$13.00 per week). Each week, **June 3 through September 30**, we throw in a few extra dollars worth of extra produce over the regular retail price, so you get a fantastic value for what you pay.

**Box Size:** Choose between two share sizes to receive in your deliveries. Our *full share* size typically contains a variety of vegetables similar to those in the sample boxes. The *partial share* will have half the vegetables found in the full share.

### Cost of Membership:

Full Share—\$400

Partial Share—\$240
