Our Guarantee.

CSA members share in both the rewards and risks of farming. You may receive more or less of particular vegetable because of unusual weather or pest and disease outbreaks. However, we work hard to provide you with a high quality, consistent, diverse supply of vegetables throughout the season.

What is a CSA?

Community Supported Agriculture (CSA) is a partnership between you and your farmer. The CSA members provide a guaranteed market and the farmer provides weekly shares of fresh seasonal vegetables.

Membership Details

Pekarek's Produce invites you to receive fresh, seasonal, flavorful, healthful vegetables. We select vegetable varieties for their taste, raise them under the best possible conditions, pick them at the peak of ripeness, and carefully wash and pack them for you.

Pekarek's Produce CSA involves you pre-paying for a *full share* (\$22.00 per week) or a *part share* (\$13.00 per week). Each week, **June 1 through September 28**, we throw in a few extra dollars worth of extra produce over the regular retail price, so you get a fantastic value for what you pay.

BOX SIZES

Choose between two share sizes to receive in your deliveries. Our **full share** size typically contains a variety of vegetables similar to those in the sample boxes. The **partial share** will have half the vegetables found in the full share.

Cost of Membership:

Full Share—\$400

Partial Share—\$240
